

Use the daisy pattern on the next page or create your own daisy by tracing a CD or other round object, and then drawing in petals.

The daisy pattern can be used for many activities throughout the school year. Here are some ideas:

- Glue or draw a picture in the center (for example, a picture of a person)
 - write words that describe the picture in the petals, OR
 - glue or draw other pictures on the petals that relate to the center picture (for example, a person's interests)
- Write a name (your own, or the person for whom you are making the daisy, or a hero of yours, etc.) and then write information about the person on the petals
- Write the word "goals" in the center and then decorate the petals with goals -- these could include: schoolwork, sports, behavior, etc.
- Write "Books I Have Read" in the center of the daisy. Write titles and authors on the petals.

- Write a word (a theme you're studying) and write facts on the petals

- Write a suffix or prefix in the middle and write words using them in the petals (PREfix, PREtend, PREvent...)

- Put a multiplication fact in the center and numbers on the outer ring. Multiply and put the answer in the center of the petal.
