

# "Hero" Sandwich

**Directions:**

1. **Select or create an ideal hero/shero. List the characteristics he/she has.**
2. **Create and name a sandwich after your hero.**
3. **“Make” your sandwich using heroic ingredients. For example: the top piece of bread will be the title, the lettuce will be one characteristic, the tomato will be another characteristic, and so on. For each “ingredient”, write an example situation in which your hero might use that characteristic. These situations should be written out in complete sentences.**
4. **Use construction paper to build your sandwich. If possible, use colors to represent each ingredient. For example: red for the tomato characteristic, light green for the lettuce characteristic, etc.**
5. **Make it look like a real sandwich. Staple or thread it the ingredients together with ribbon or yarn.**
6. **Brainstorm ideas for your creation here:**
